# Protectors

## Feature and Benefit :

- API 5 CT compliant
- Made from HDPE resin
- Advanced plastic formulation, designed for durability and impact resistance
- Precision cut threads for sure fit
- Designed for extreme weather conditions tested from -46°C to 66°C
- Available for API connection
- Meet Premium Connection (TMK, TKC)
- Customized with another Premium Connection

## Application

Tubing : 2 3/8" – 4 1/2"

# Protectors

## Feature and Benefit :

- API 5 CT compliant
- High reliability thread protection
- Made from HDPE resins and heavy gauge steel to ensure rugged impact resistance
- Precision cut threads for sure fit
- Designed for extreme weather conditions tested from -46°C to 66°C
- Available for API connection
- Meet Premium Connection (TMK, TKC)
- Customized with another Premium Connection

## Application

Casing : 4 1/2" – 1 3/8"

# Econowrap

## Feature and Benefit :

- Simple to stack, eliminate metal to metal contact and always high density stacking
- Ideal for high-chrome alloy casing and tubing stacking
- Meets all major operators pipe handling recommendation for protecting personel, pipe and transportation equipments
- Premium material and construction ensure years of service
- Unlimited storage options and maximum storage rooms

Range : 2 3/8" ; 2 7/8" ; 3 1/2" ;  
4 1/2" and 7"
